

QUOTATION AND PRICING POLICY

1. Quotations.

All quotations issued by J.N. Linrose Mfg., LLC ("Seller") are subject to the terms and conditions set forth herein and in Seller's Terms and Conditions of Sale. Unless otherwise stated in writing by Seller, quotations shall remain valid for thirty (30) calendar days from the date of issuance.

2. Intent to Order.

Purchaser shall provide Seller with written notice of intent to order within thirty (30) days of the quotation date. Failure to provide such notice shall render the quotation null and void, and Seller shall have no obligation to honor the quoted pricing.

3. Acceptance of Quotation.

Acceptance of any quotation must be made in writing, including by electronic mail, and must be acknowledged in writing by Seller. No quotation shall be deemed accepted until Seller provides such written acknowledgment.

4. Project Information.

To qualify for quoted pricing, Purchaser shall provide Seller with the actual footage to be activated, project name, and project location. In the event such information is not provided, any quotation shall be deemed budgetary in nature only.

5. Minimum Utilization of Quoted Material.

A minimum of Forty Thousand (40,000) pounds of quoted material must be ordered and shipped within one hundred eighty (180) days of the quotation date. Failure to satisfy this requirement may result in repricing any unshipped material at Seller's then-current pricing.

6. Pricing and Escalation.

Unless otherwise agreed to in writing by Seller, all pricing shall be based upon the shipment date and shall be subject to Seller's applicable escalation schedules, surcharges, and pricing adjustments in effect at the time of shipment.

7. Extended Duration Quotations.

Any quotation extending beyond six (6) months from the original quotation date shall be considered budgetary only and shall be non-binding unless otherwise agreed to in writing by Seller.

8. Extended Price Protection.

Extended price protection beyond six (6) months from the quotation date may be considered by Seller on a case-by-case basis for projects requiring Two Hundred Fifty Thousand (250,000) pounds or greater of quoted material. Any such price protection shall require a separate written agreement executed by Seller and Purchaser.
